

Cluster Support Policy RIGA, May 24th 2017

David FERNÁNDEZ TERREROS Clusters Coordination and Research SPRI

Why Cluster Policy?

- Clusters as Allies of the Government in Competitiveness Policy
- Clusters as Multipliers => Wider Impact of Policies
- Competitiveness Upgrade & Territorial Economic Development
- Related Diversification, Transformation of Economic Landscape

Mapping, Identification, Prioritisation

Dynamising Cooperation to Address Together Global Competitiveness Challenges (Traded Clusters)

- ✓ Cluster Dinamysm
- ✓ Cluster Asssociation Maturity

High Impact & Wide Scope Initiatives

(Related VCs)

Mapping, Identification, Prioritisation

Based on Strengths

Objective Criteria:

- Jobs
- Turn-Over
- R&D intensity
- Exports

Focused on Traded Clusters (vs. Local Clusters)

Competitiveness is Global => Building globally competitive clusters

Model:

- Public-Private Partnership
- Public sector can Ignite (Initiate) / Private Sector should Lead (Market)
- Government as a Facilitator & Supporter: Financial / Non Financial

Activation, Development and Support of Cluster Associations

Key Mission: Facilitate & Dynamise Collaboration. Cluster Associations as "Catalysts" of Cooperation, intensifying (speed & amount of) interaction & communication among cluster's members in order to boost their global competitive potential.

Focused on Traded Clusters (vs. Local Clusters)

Building up critical mass:

Size, Optimal Geografical Range & Domain Scope (Interrelated Value Chains)

- •Cluster Organisations' Maturity: N°. Of Members, Affiliation Fees, Cooperation Projects, Staff, Strategic Areas.
- Focusing on common strategic challenges jointly better solved in:
 - Strategy
 - Internationalisation
 - Technology R&D and Innovation
 - Talent & Sustainability

Activity focusing

- Technology Watch & Competitive Intelligence (Information)
- Common Strategic Challenges identification
- o Committees, Working Groups, Task Forces
- Joint Collaborative Projects

Essentials

- Cluster Policy as a Lever for Competitiveness & Economic Development
- Need for Continuity, Stability
- Policy Mix (Competitiveness) Coordination for Efficiency & Impact
- Monitoring & Evaluation for Action (Learning, Improving, Refocusing)

Composition of the Cluster Association

- Triple Helix
- Businesses Lead *** (Top-Down Ignite => Bottom-Up Led)
- Balanced Composition
 - % Businesses / Total Members
 - % SMEs / Total Businesses (BC >60%)

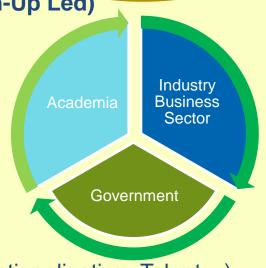

Governance

- General Assembly
- Board of Directors: 12-18 reprs (+ Businesses)
- (Executive Committee)
- Committees on Strategic Areas (Strategy, R&D; Internationalisation, Talent...)
- Working Groups on Special Interests/Projects

Management

Staff: (3-5 FTE up to 100 Members; 1 General Manager / 3 Area Managers).

Clusters Associations Financing

Stable & Sustainable

- ✓ Membership Fees
 - (fixed, variable as per member size, mixed) around 30% avg.
 - ✓ Services (pay per use) around 30% avg.
 - ✓ Public Funding
 - Basque Government Cluster Support Programme 20 % avg. (range 8,5-40%) Requires Action Plan + Strategic Plan
 - Based on "Services" Rendered by Cluster Associations to the Government: OCI, Link with the Business Sector in Strategies & Plans Qualified Supplier of Information & Networking for FDI Attraction & Regional Branding.
 - Multiplier Role for Competitiveness Policies

Clusters Support Programme

Beyond Financial Assistance

SPCI TALDEA

EUSKO JAURLARITZA GOBIERNO VASCO

- ✓ Constructive Dialogue
- ✓ Strategic Alignment (RIS3...).
- ✓ Mutual learning 4
 Effectiveness

"Technical" Support:

- ✓ Cluster Associations' Action Plan Assessment.
- ✓ Best Practices Sharing (Inter-cluster Thematic WGs, Cluster Day...)
- ✓ OCI Economic Outlook & Industrial Trends Observatory
- ✓ Facilitation for Exploring Convergence, Integration or Alliances of Cluster Associations
- ✓ Liaison Officer (SPRI) in each Cluster Association
- ✓ International Network (-ing)
- ✓ FDI Attraction (Value Chain Gaps, Strategic Sourcing)
- ✓ Evaluation Tools ("User's Voice") & Comparative Scoreboard

Other Public Support

- Public Procurement of Innovation (PCP/PPI)
- > Territory as a *Living Lab*

Cluster Associations' SERVICES

Communication: Newsletters, Press-clip

Technology Watch & Competitive Intelligence: (Market & Tech Trends)

Strategy: Identifying Common Strategic Challenges, Action Plan...,

Sector Innovation Agenda

Networking, Matchmaking:

Collaborative Structures: Organising Working Groups

Collaborative R&D+I Projects: Building Partnership, Launching Project,

Coordination and Project Management

Advice on R+D+i Support Programmes (Regional, National, European)

Joint Purchase Centre

Talent: Training, Job Portal, Recruting, Internships, Curricula

Internationalisation: Trade & Reverse Missions, Consortia, Partnerships,

Trade Fairs

Marketing Advice: Marketing Plans ...

CLUSTER ASSOCIATIONS VALUE PROPOSAL (PER TARGET MEMBER)

Business Competitiveness Instrument

Fostering business competitiveness in the

Through Cooperation

Public Policy Instrument

Small Companies

- · Direct dialogue with Leading Companies & other Stakeholders
- Funding Access
- R&D+I & Internationalisation
- Talent Development

- · Visibility in the Media, Events
- Added Value Information through Observatories: trends, business opportunities and public bids.
- · Representation in face of the Administration

Medium Companies

- · Competitive Value Chain: suppliers development
- · Positive image towards Institutions
- Direct dialogue with Leading

Companies

- · Wider Access to R&D+i Funds
- Representation vs Administration
- · Rooting into the local tissue.

Large **Companies**

STI Agents

- · Competitive Value Chain: suppliers development
- Flexible KH & Production inputs
- · Positive image towards

Institutions

- RSC (Supporting local industrial) and economic tissue)
- · Direct dialogue with Large and Medium Leading Companies
- Centralised contact point for SMEs
- · Identifying and Fostering

- cooperative R&D+i proposals
- Connecting with real R&D (RTOs) & Training Demand (Univ. VT, Dual)

Government

- Dialogue & Feedback to align & Better design Competitiveness & other Policies & Programmes
- Increased Reach of Support **Programmes**
- Support for FDi Attraction Strategies & Projects
- · Regional Branding Initiatives
- Lever for Economic Development

Facilitating Agents of Business Cooperation for Competitiveness Partners of the Government in the Deployment of Competitiveness Policy

Source: Strategic Plan of Energy Cluster & SPRI

Clusters & Entrepreneurship: From Start-up to Scale-up

- Entrepreneurship vs. Intrapreneurship
 - Agglomeration of Resources, Customers & Suppliers = Magnet
- Start-Up vs. Scale-Up. Acceleration
 - Elephants & Gazelles
 ACLIMA, AFM, HABIC
- Proactive Role of Cluster Associations.
 - Advising, Coaching, Networking...
- Intra-preneurship
 - Cluster Associations (+ Member companies) working with SPRI + BICs
 - Identifying New Business Opportunities => Spin-offs

Clusters & INTERNATIONALISATION

Trade & Exports Development

- Trade Missions
- Reverse Trade Missions
- Joint Solutions for Global Markets E.g.: Basque Retail, URBE2050
- After Sales & Service Centre Abroad (AFM Cluster in China)
- Internships Abroad (distributors premises)

International R&D+i Collaborative Projects

Identifying and engaging Clusters & members from other countries.

Outward FDI

Networking in target markets, Advice

Inward FDI Attraction & Retention (Beyond Low Cost Resources & Tax Incentives)

- Territory Branding
- Proposals preparation
- Soft-landing

Some Cross-cluster & Open Innovation Initiatives

Circular Economy & Advanced Manufacturing

Joint Strategy Industry 4.0

Next to market Testing & Validation

Next to market Testing & Validation

Shipbuilding & Energy Cross-cluster

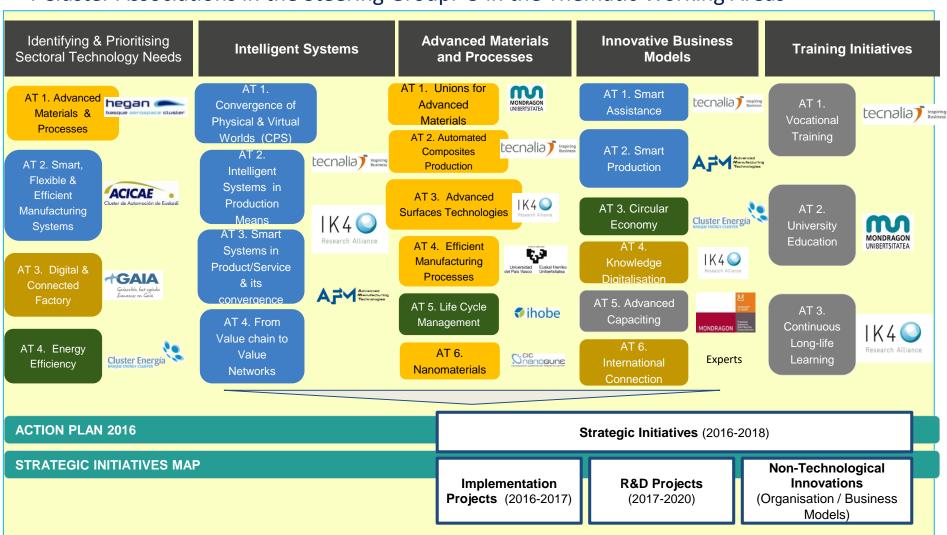

RIS3 & Clusters. Ex.: Manufacturing Priority

4 Cluster Associations in the Steering Group. 5 in the Thematic Working Areas

Cross-sectoral Cross-Cluster Collaboration

Why to Enhance Cross-cluster collaboration

- New VCs & markets through Related Diversification in Entreprenurial Discovery process:
 - Cross-fertilization and Hybridisation of technologies
 - o KETs

How to Enhance Cross-cluster collaboration

- Dedicated funds for cross-cluster initiatives.
- Involve different Cluster Associations in RIS3 Priorities & WGs
 - E.g. 8 Cluster Associations engaged in RIS3 Energy Priority
 5 Cluster Associations engaged in RIS3 Manufacturing Priority
 ... Offshore Wind, CFFA

offshore wind

CLUSTERS3 "Leveraging Cluster Policies for successful implementation of RIS3"

- Goal: Improving Cluster Policies & their Coordination with other Competitiveness Policies in the Framework of RIS3 www.interreg.org/clusters3
- Led by SPRI in collaboration with Regional/Nat. governments from Hungary, Italy, Latvia, Poland & UK, + TECNALIA + TCI-Network ("advisory partner")
- One of 64 projects selected by the European Commission, among the 261 projects submitted to the 1st Call of INTERREG EUROPE 2016
- **Topics**: Prioritisation Criteria, Support Typology; Joined-Up Policies; Emerging Industries & RIS3; Monitoring & Evaluation; Internationalisation of Cluster Associations; Cross-Cluster collaboration; Training...
- 2 Phases:
 - 1) LEARNING * Exchange of Experiences, Interregional Workshops, SWOT, Best Practices, <u>Peer Review exercises</u>...)
 - 2) DOING * Implementation of Action Plan & Monitoring
 - Commitment of the Stakeholders Groups is Essential for Success !!

Liels Paldies Thank You Very Much Eskerrik Asko Muchas Gracias
